1) An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claims 11 to 20 non-elected without traverse. Accordingly, claims 11-20, have been cancelled.

2) The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the cited prior art does not show a manufacturing method of a non-woven fabric, said method including the steps of forming a fibrous web on an outer peripheral surface of a circulating wire net transporting belt, transporting said non-woven fabric for placement opposite to a forming body including a net of predetermined pattern, wherein a mesh of said net is coarser than a mesh of said wire net transporting belt (claims 1, 6).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3) Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Halpern whose telephone no. is 703-305-4522.
